

Please reject the National Association of Broadcasters petition 04-160. I am an XM Satellite Radio user. I very much enjoy the variety of programming that is available. One of the features I most enjoy is the XM Instant Traffic & Weather. Living in the Washington, D.C. area is very difficult when it comes to driving. Frequent, consistent and accurate traffic updates are essential to getting around the area. Please allow XM Satellite Radio to keep the XM Instant Traffic & Weather. Thank you.
